BY MIA WASHBROOK

Fluidity. The ability of a substance to flow easily

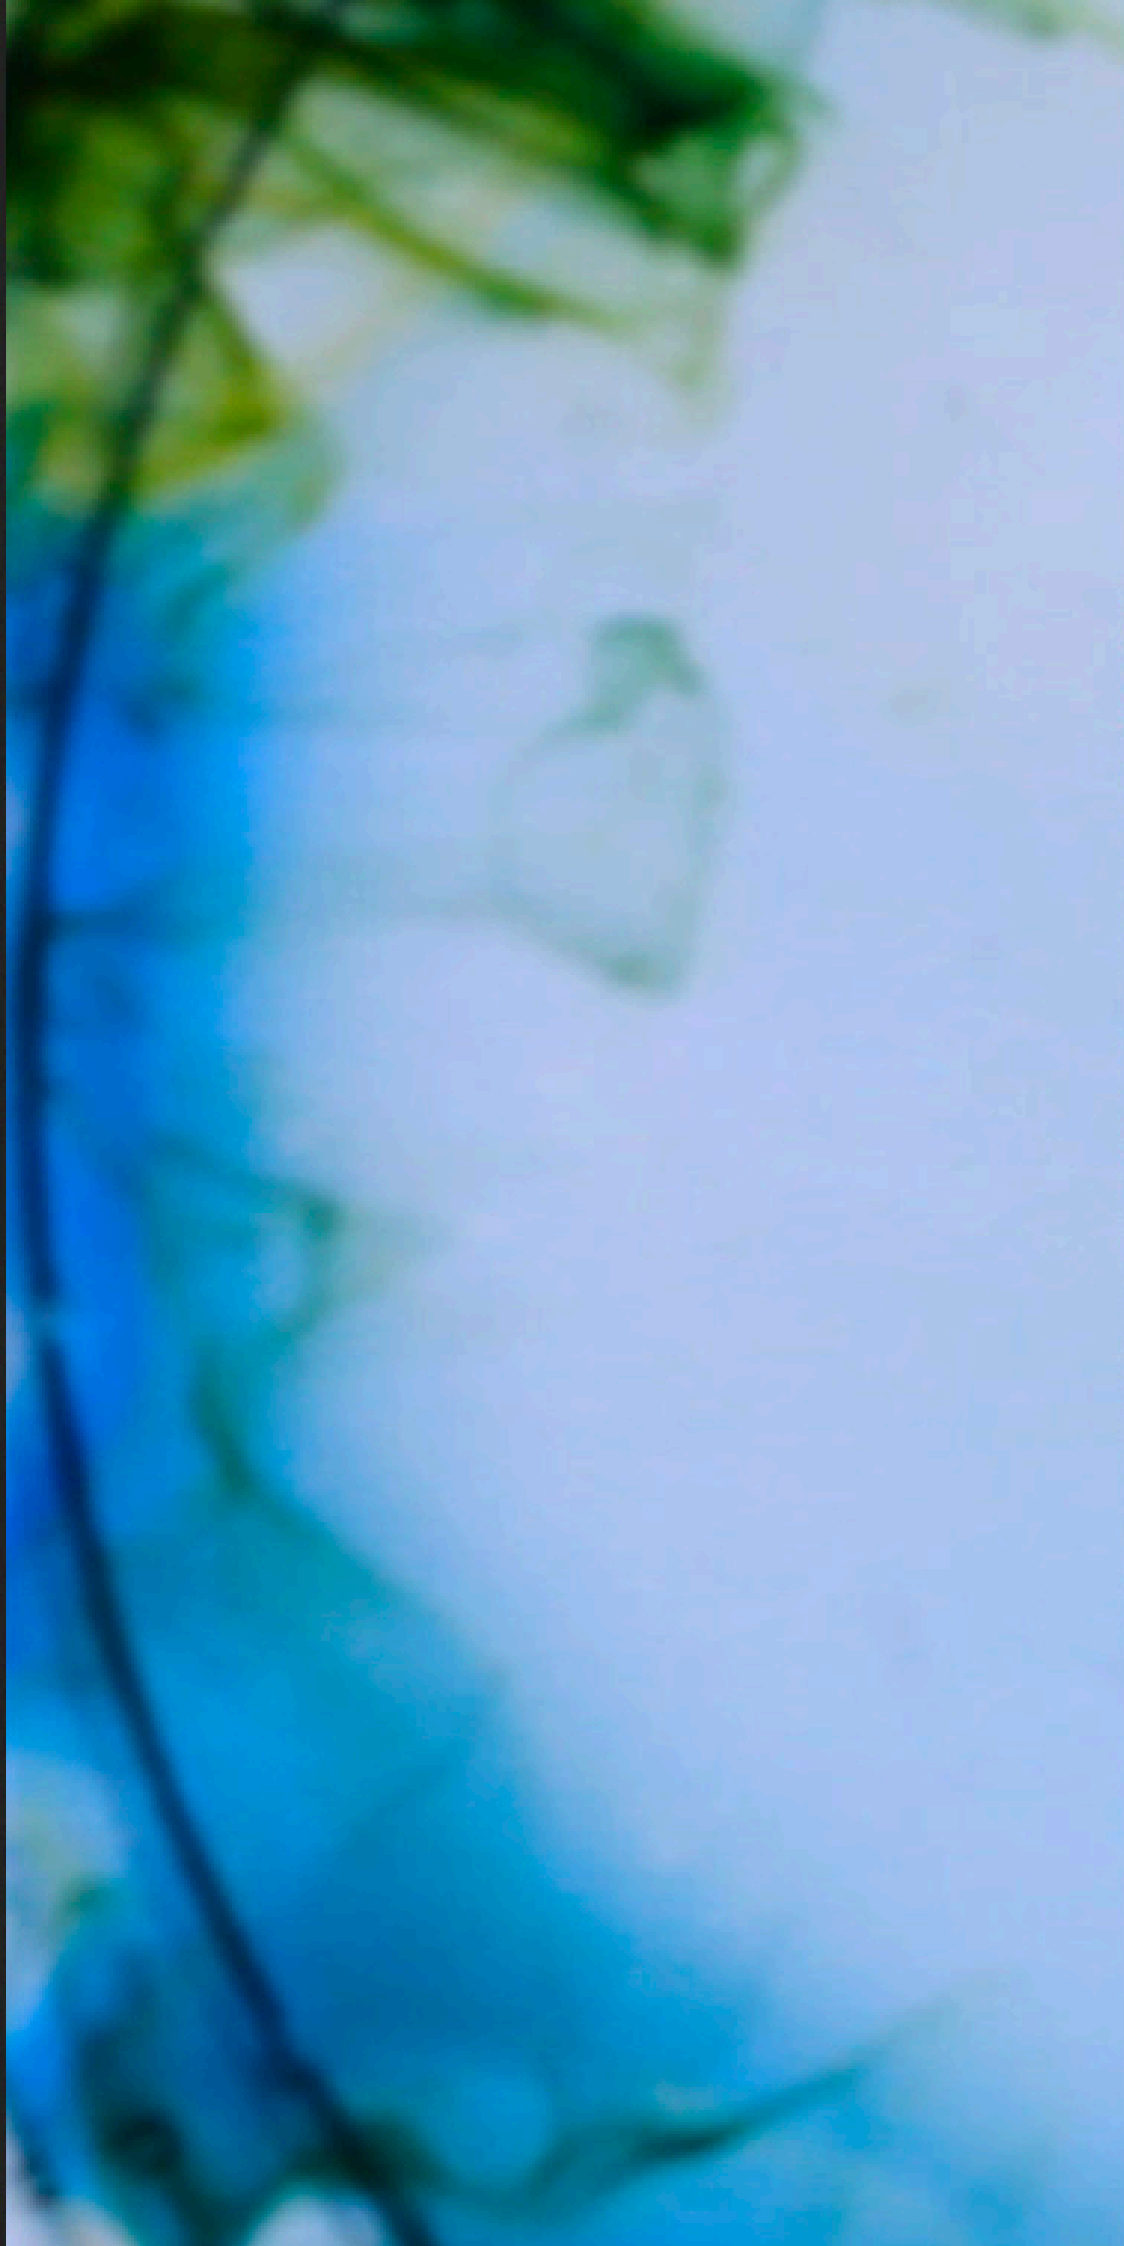

Two souls,
forced into
one body.

Two sexes
colliding,
claustrophobic,
yearning for
freedom.

One male
One female
Two spirited.

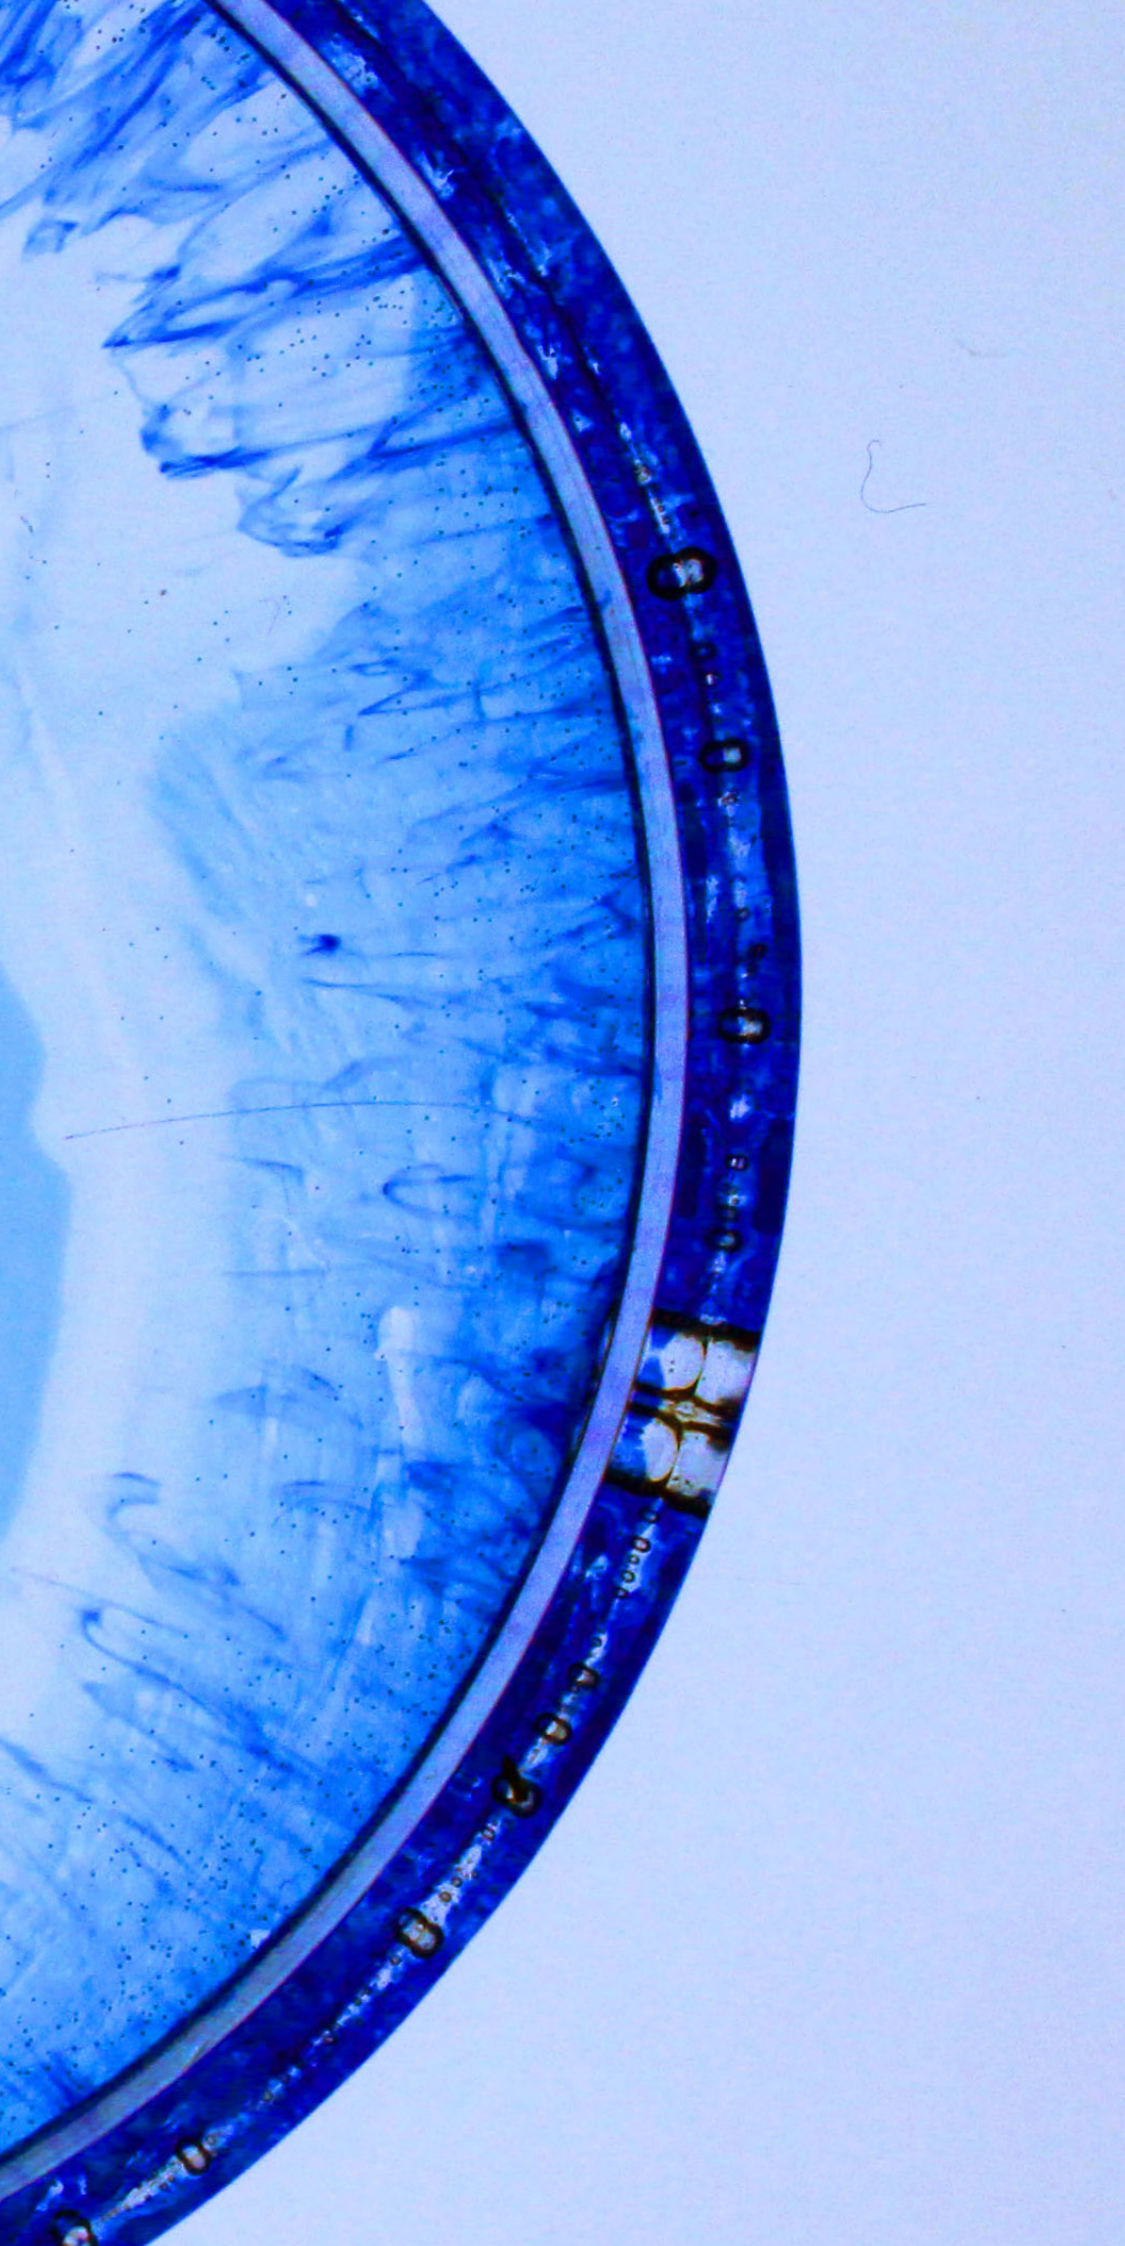

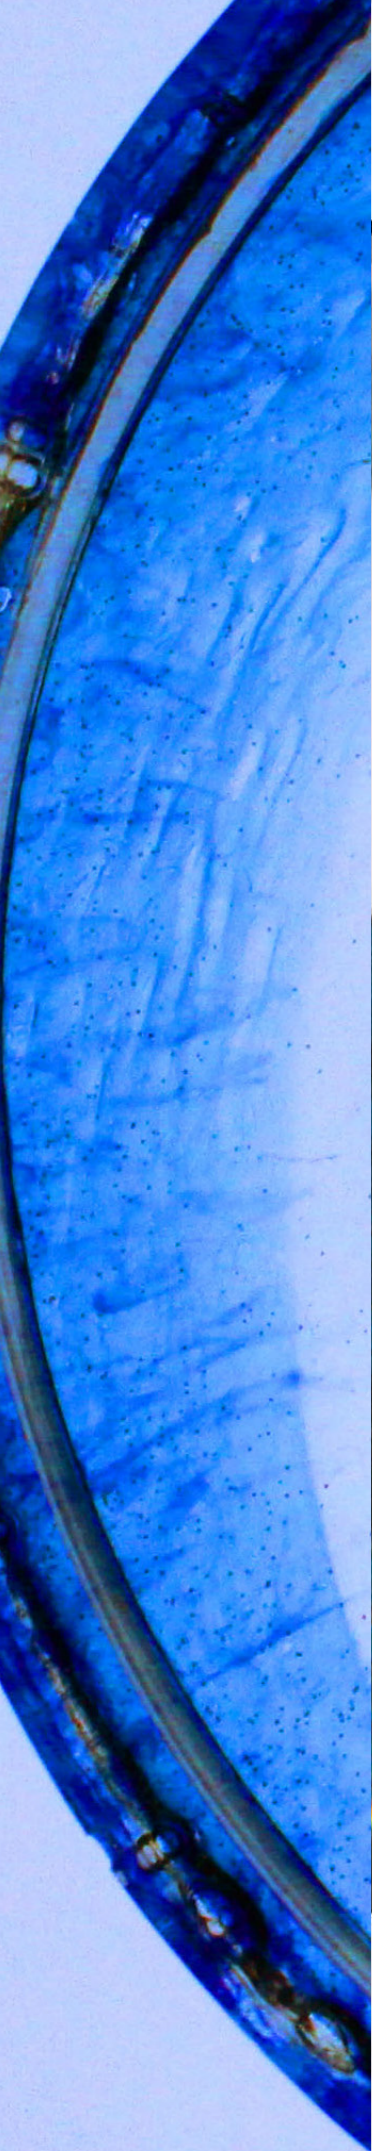

GENDER FLUID

A gender in
between.

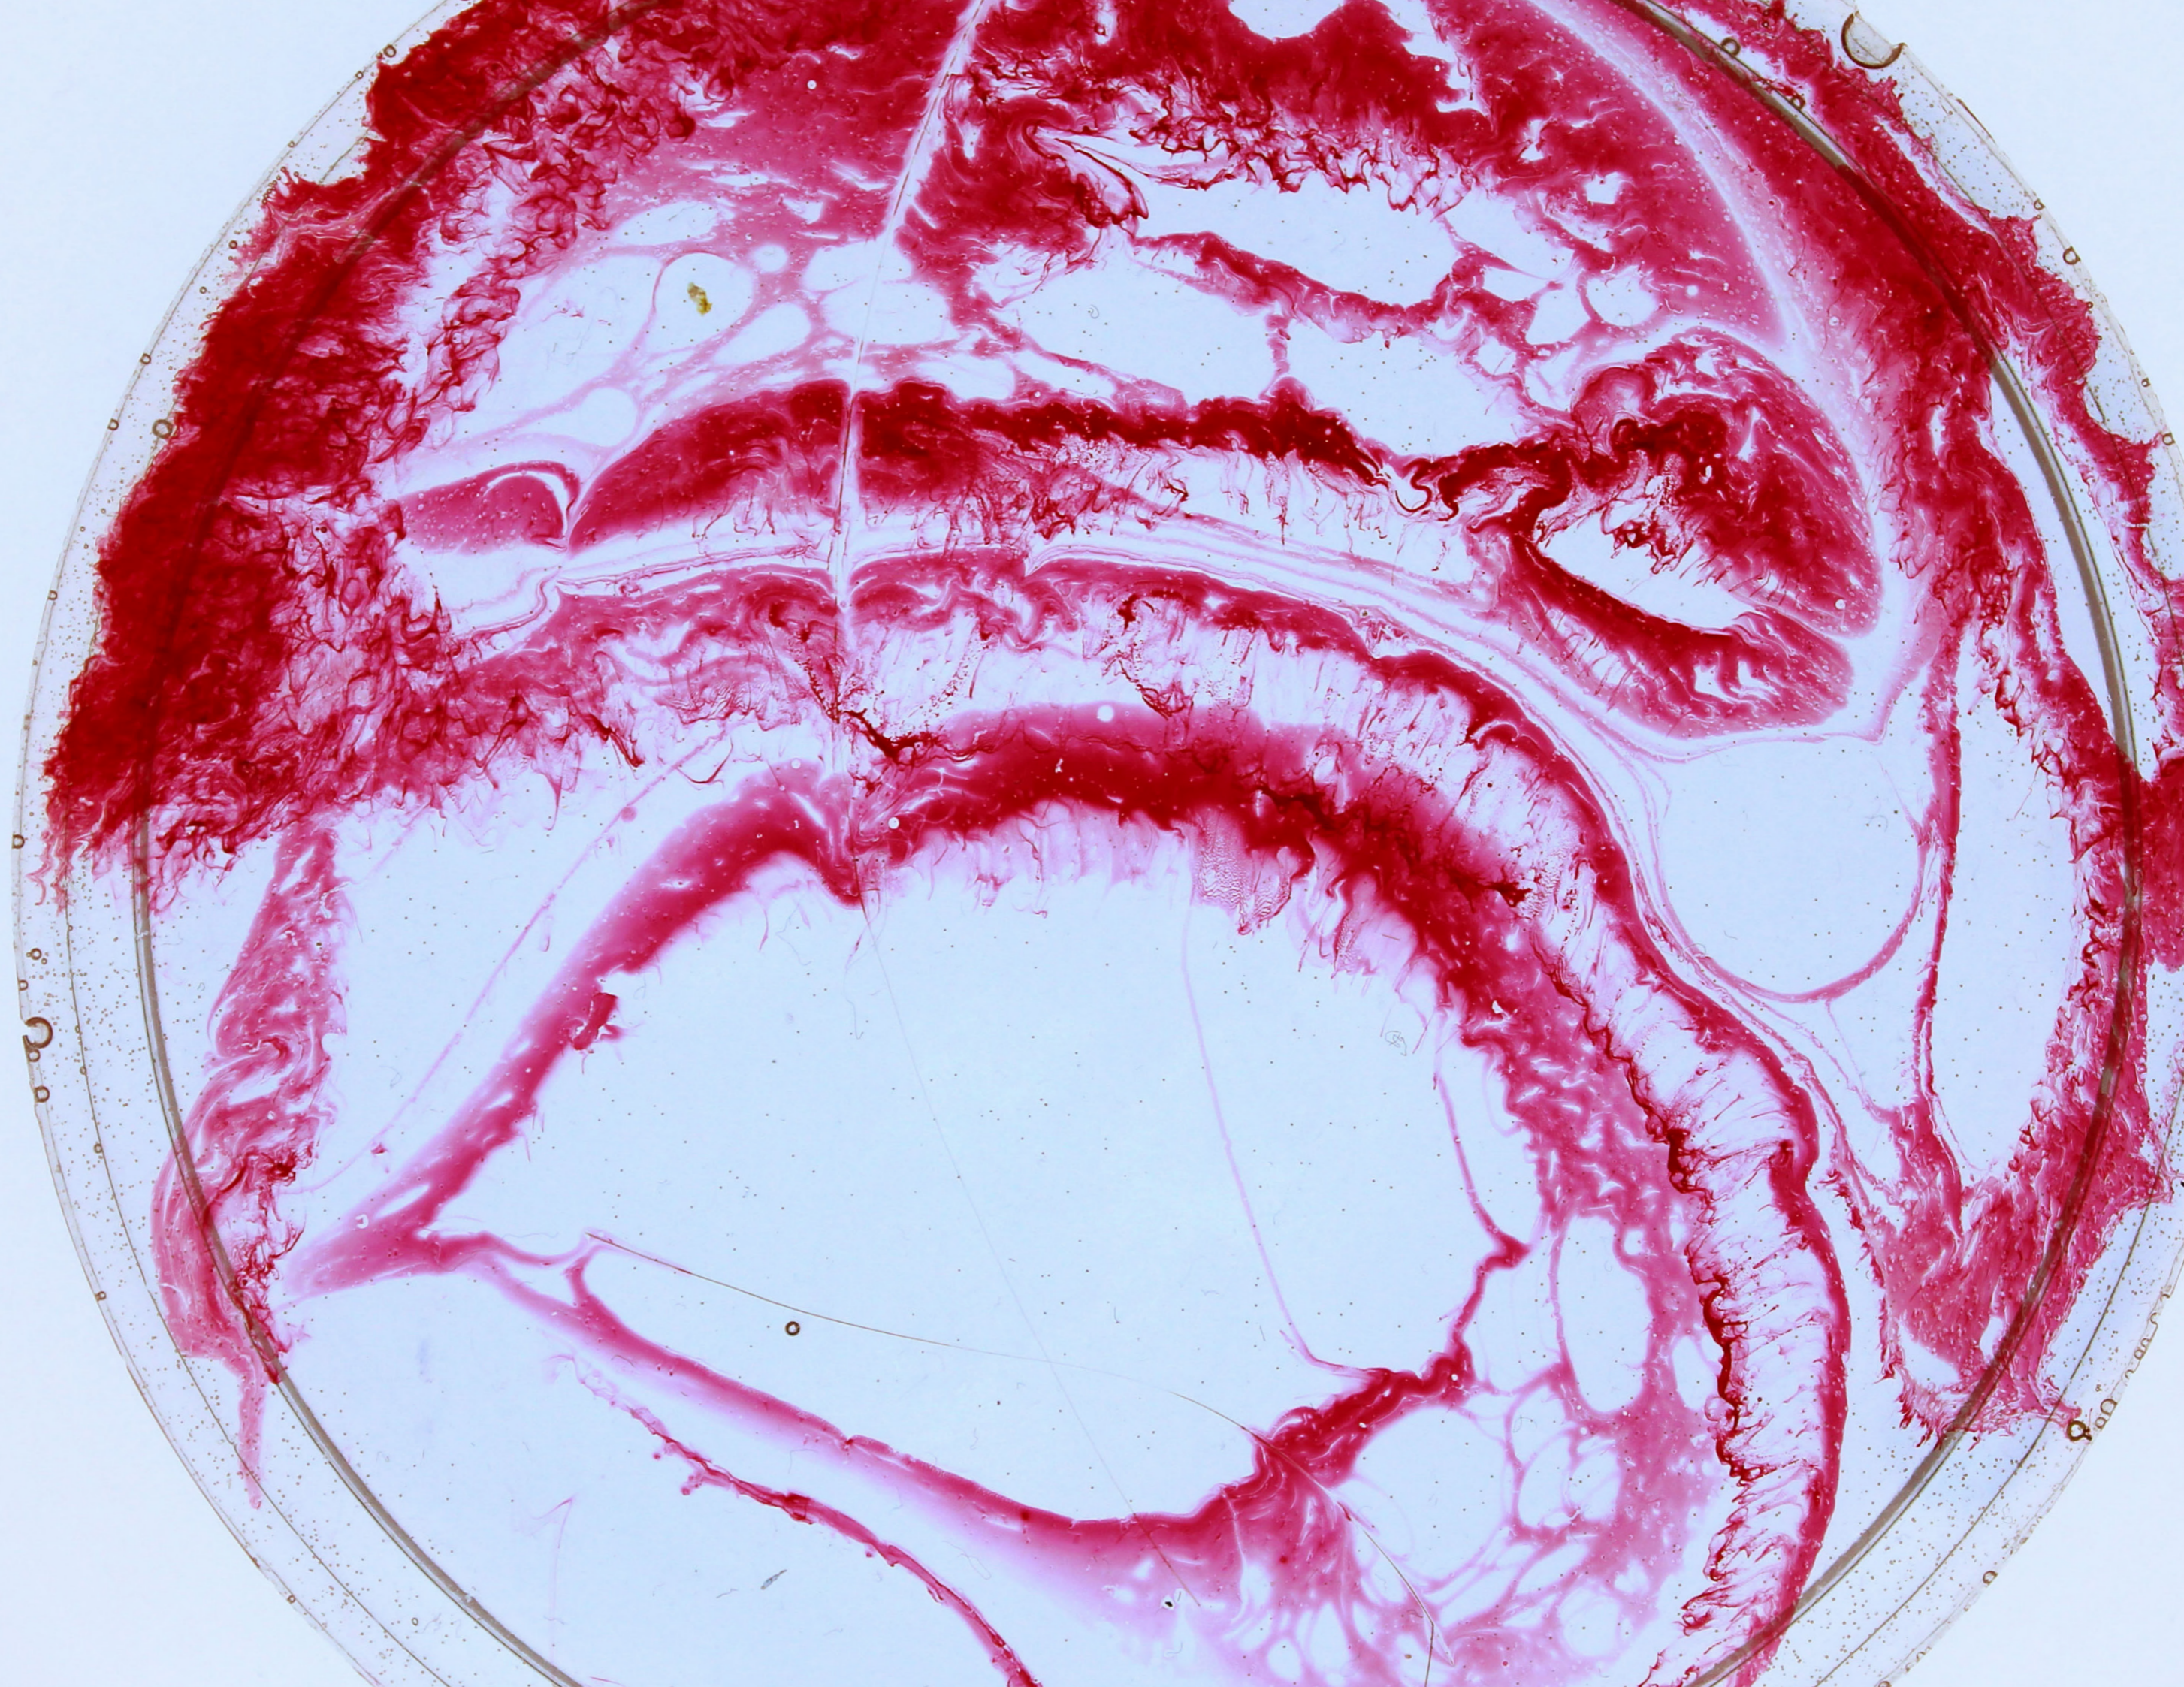

Unchanging
identities
and
fixed genders
dissolving
into a
fluid tide
of acronyms
and
individualities

We are a generation
exploring true freedom,
one that is free of
manifestos and binary
gender

We are fluid
