## Choosing

## Introduction

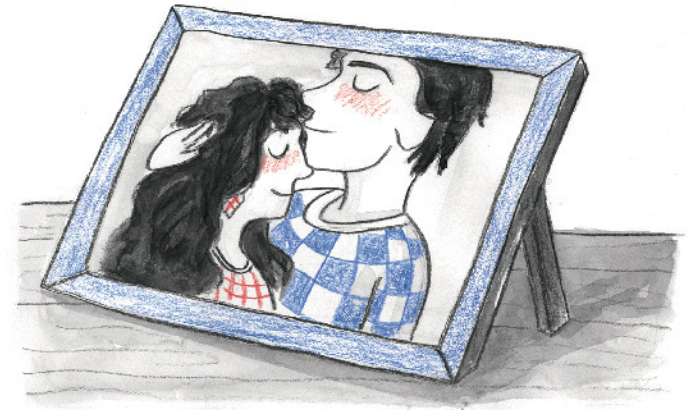

What if...

Which is the best choice in life? We always wonder if I had taken a different path, my life would have been better. The hero and heroine of the same story also have the same problem. And each book has its own way of reading. Maybe after reading this book, you will gain new thinking.

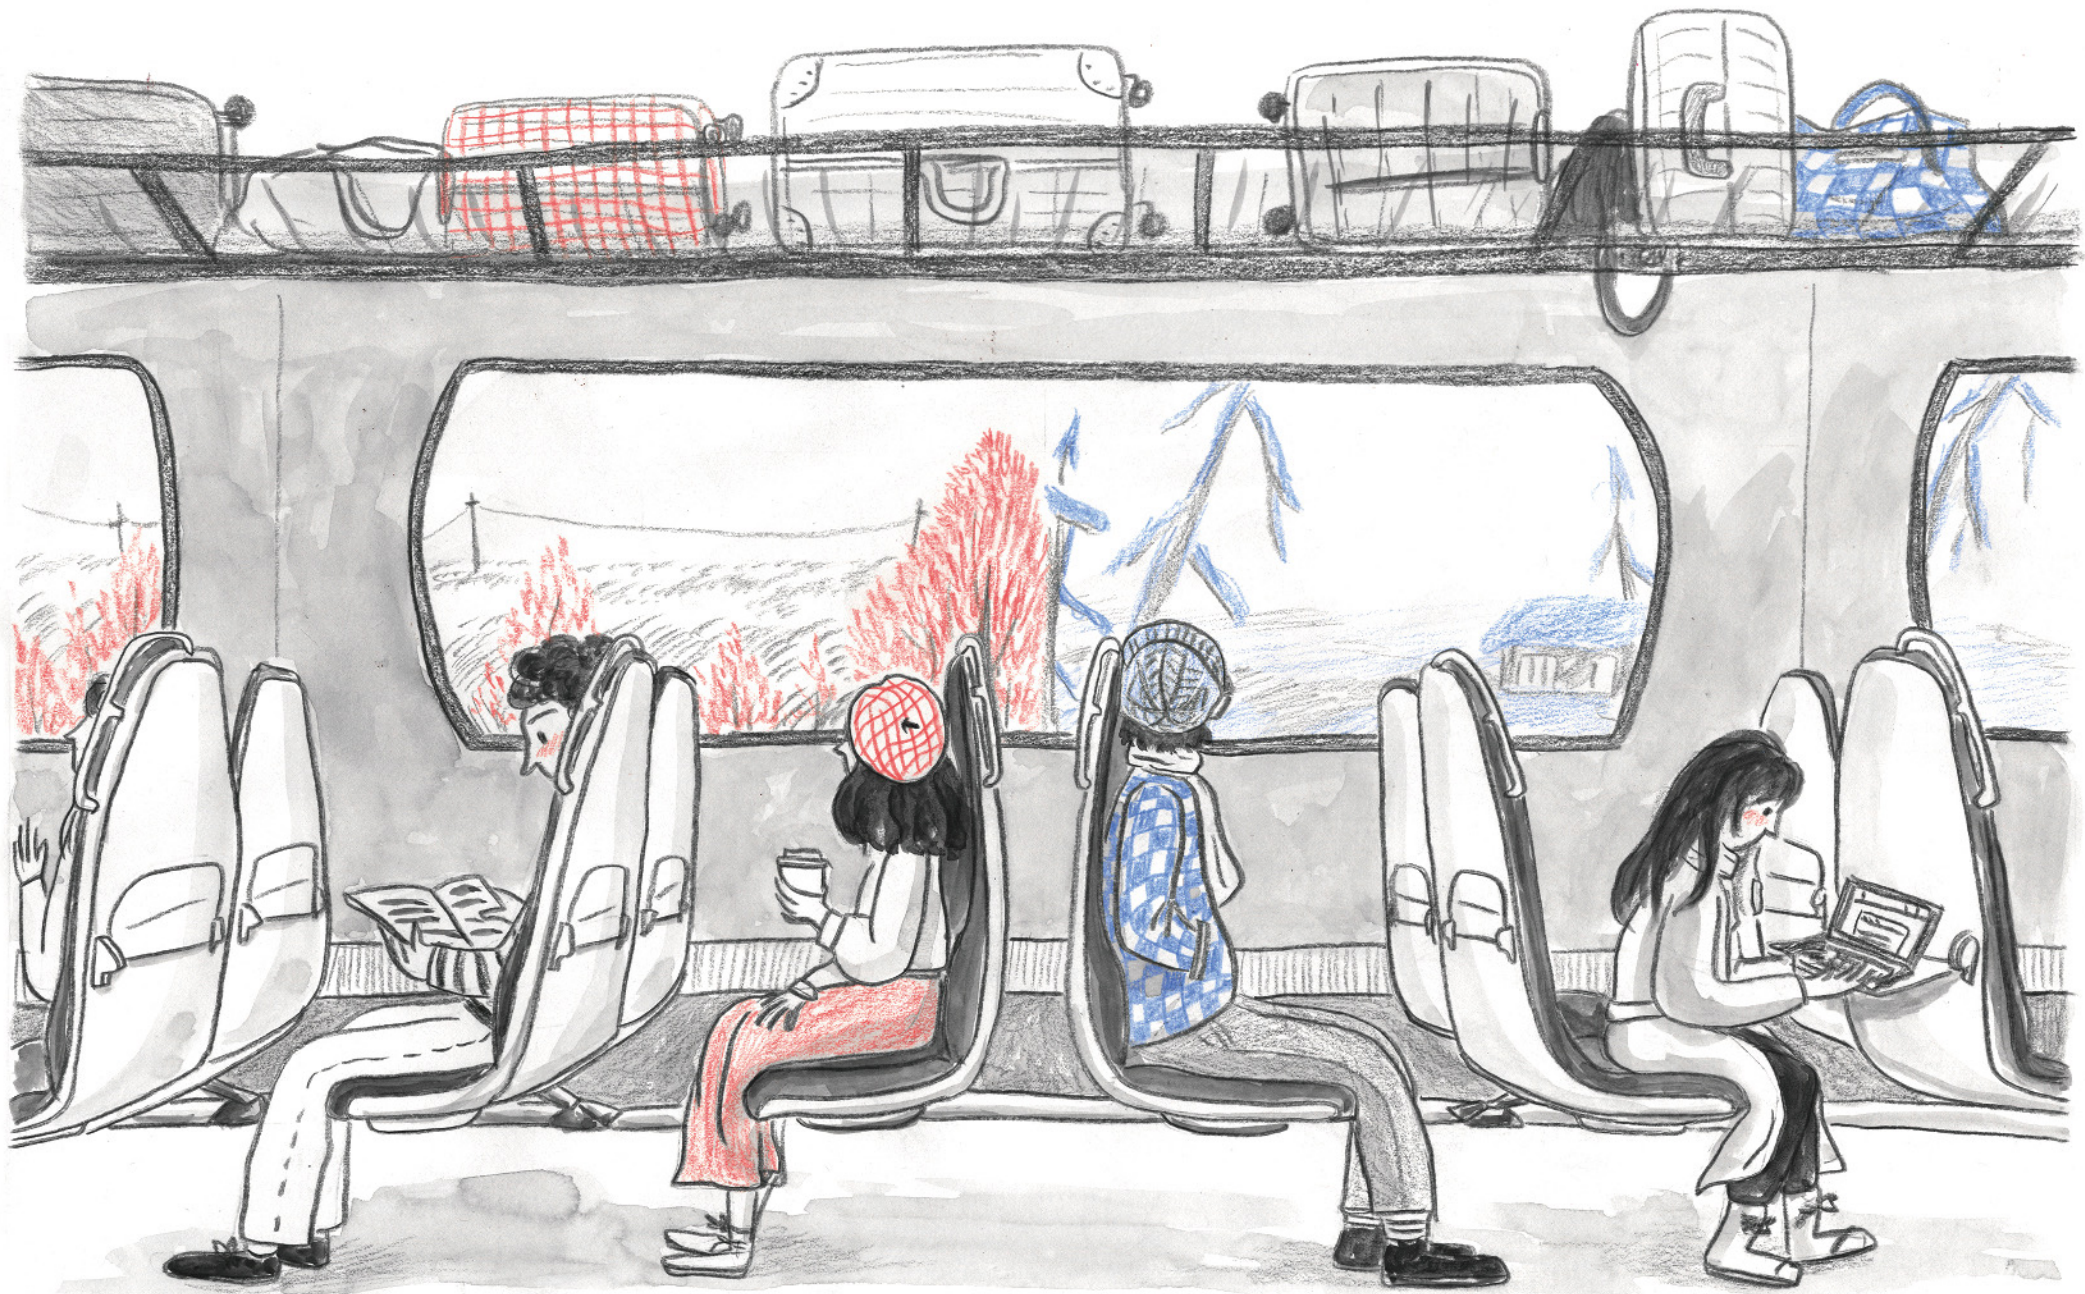

Please read this book  
from the centre to each side

You have to believe that the earth is round,  
so we will always meet.

This is a great job opportunity and you should go for it.

But I don't want to go to a new city alone.

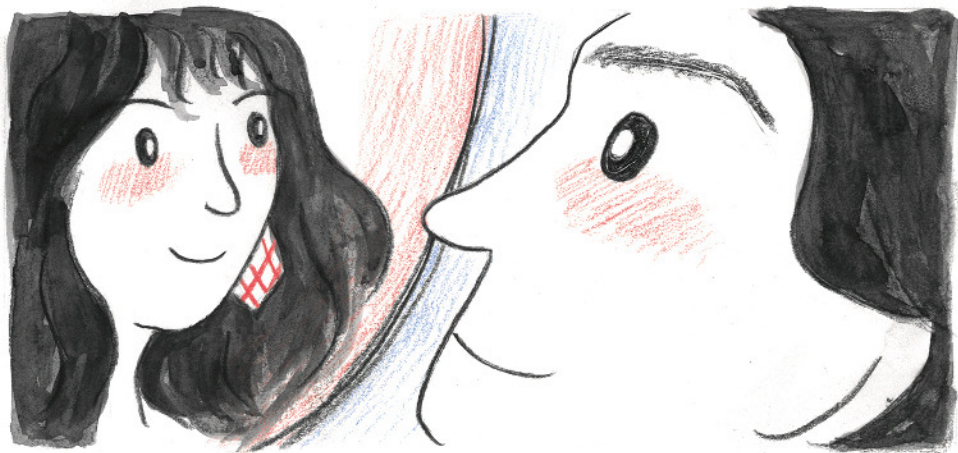

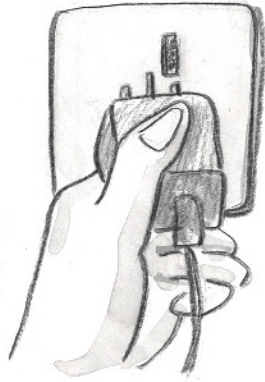

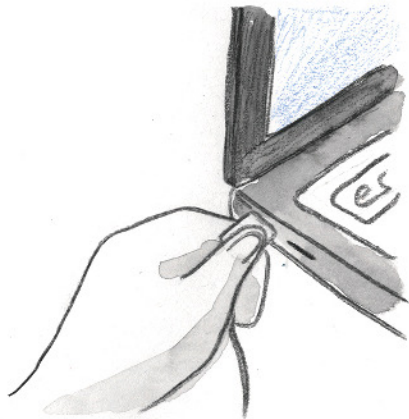

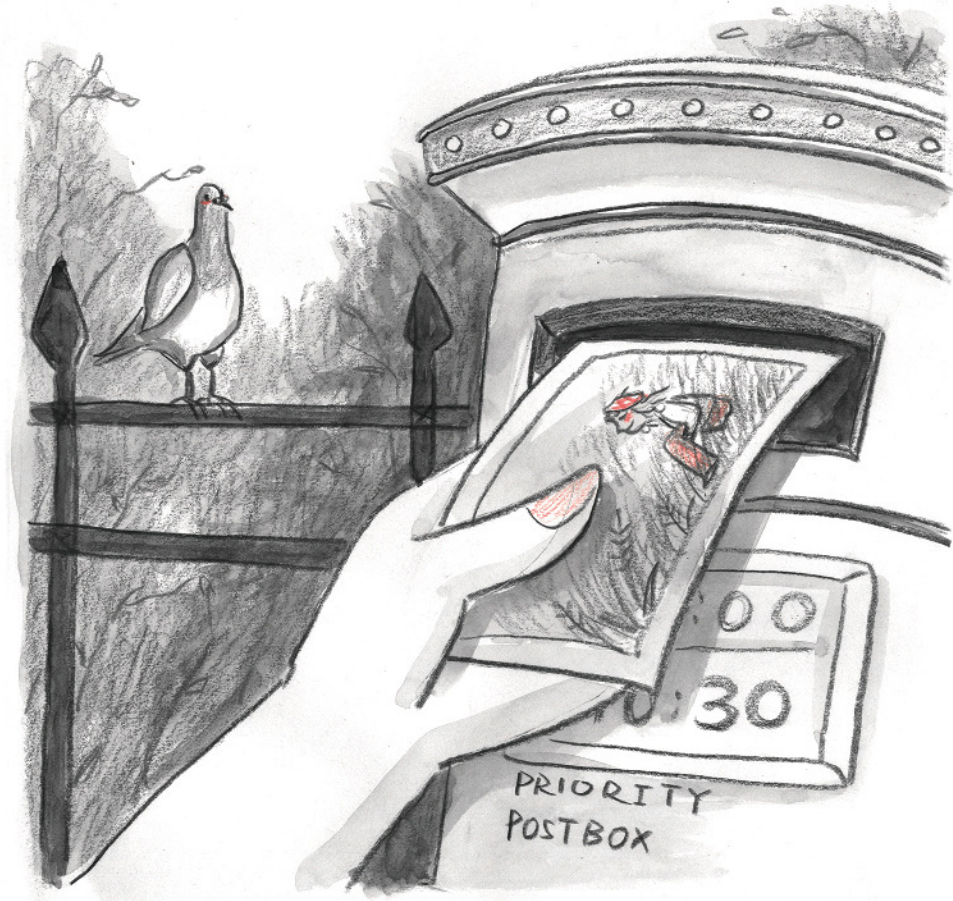

I'm sorry.  
I can't go with you.  
But this job would be very good for you.

I hope each of us will be happy

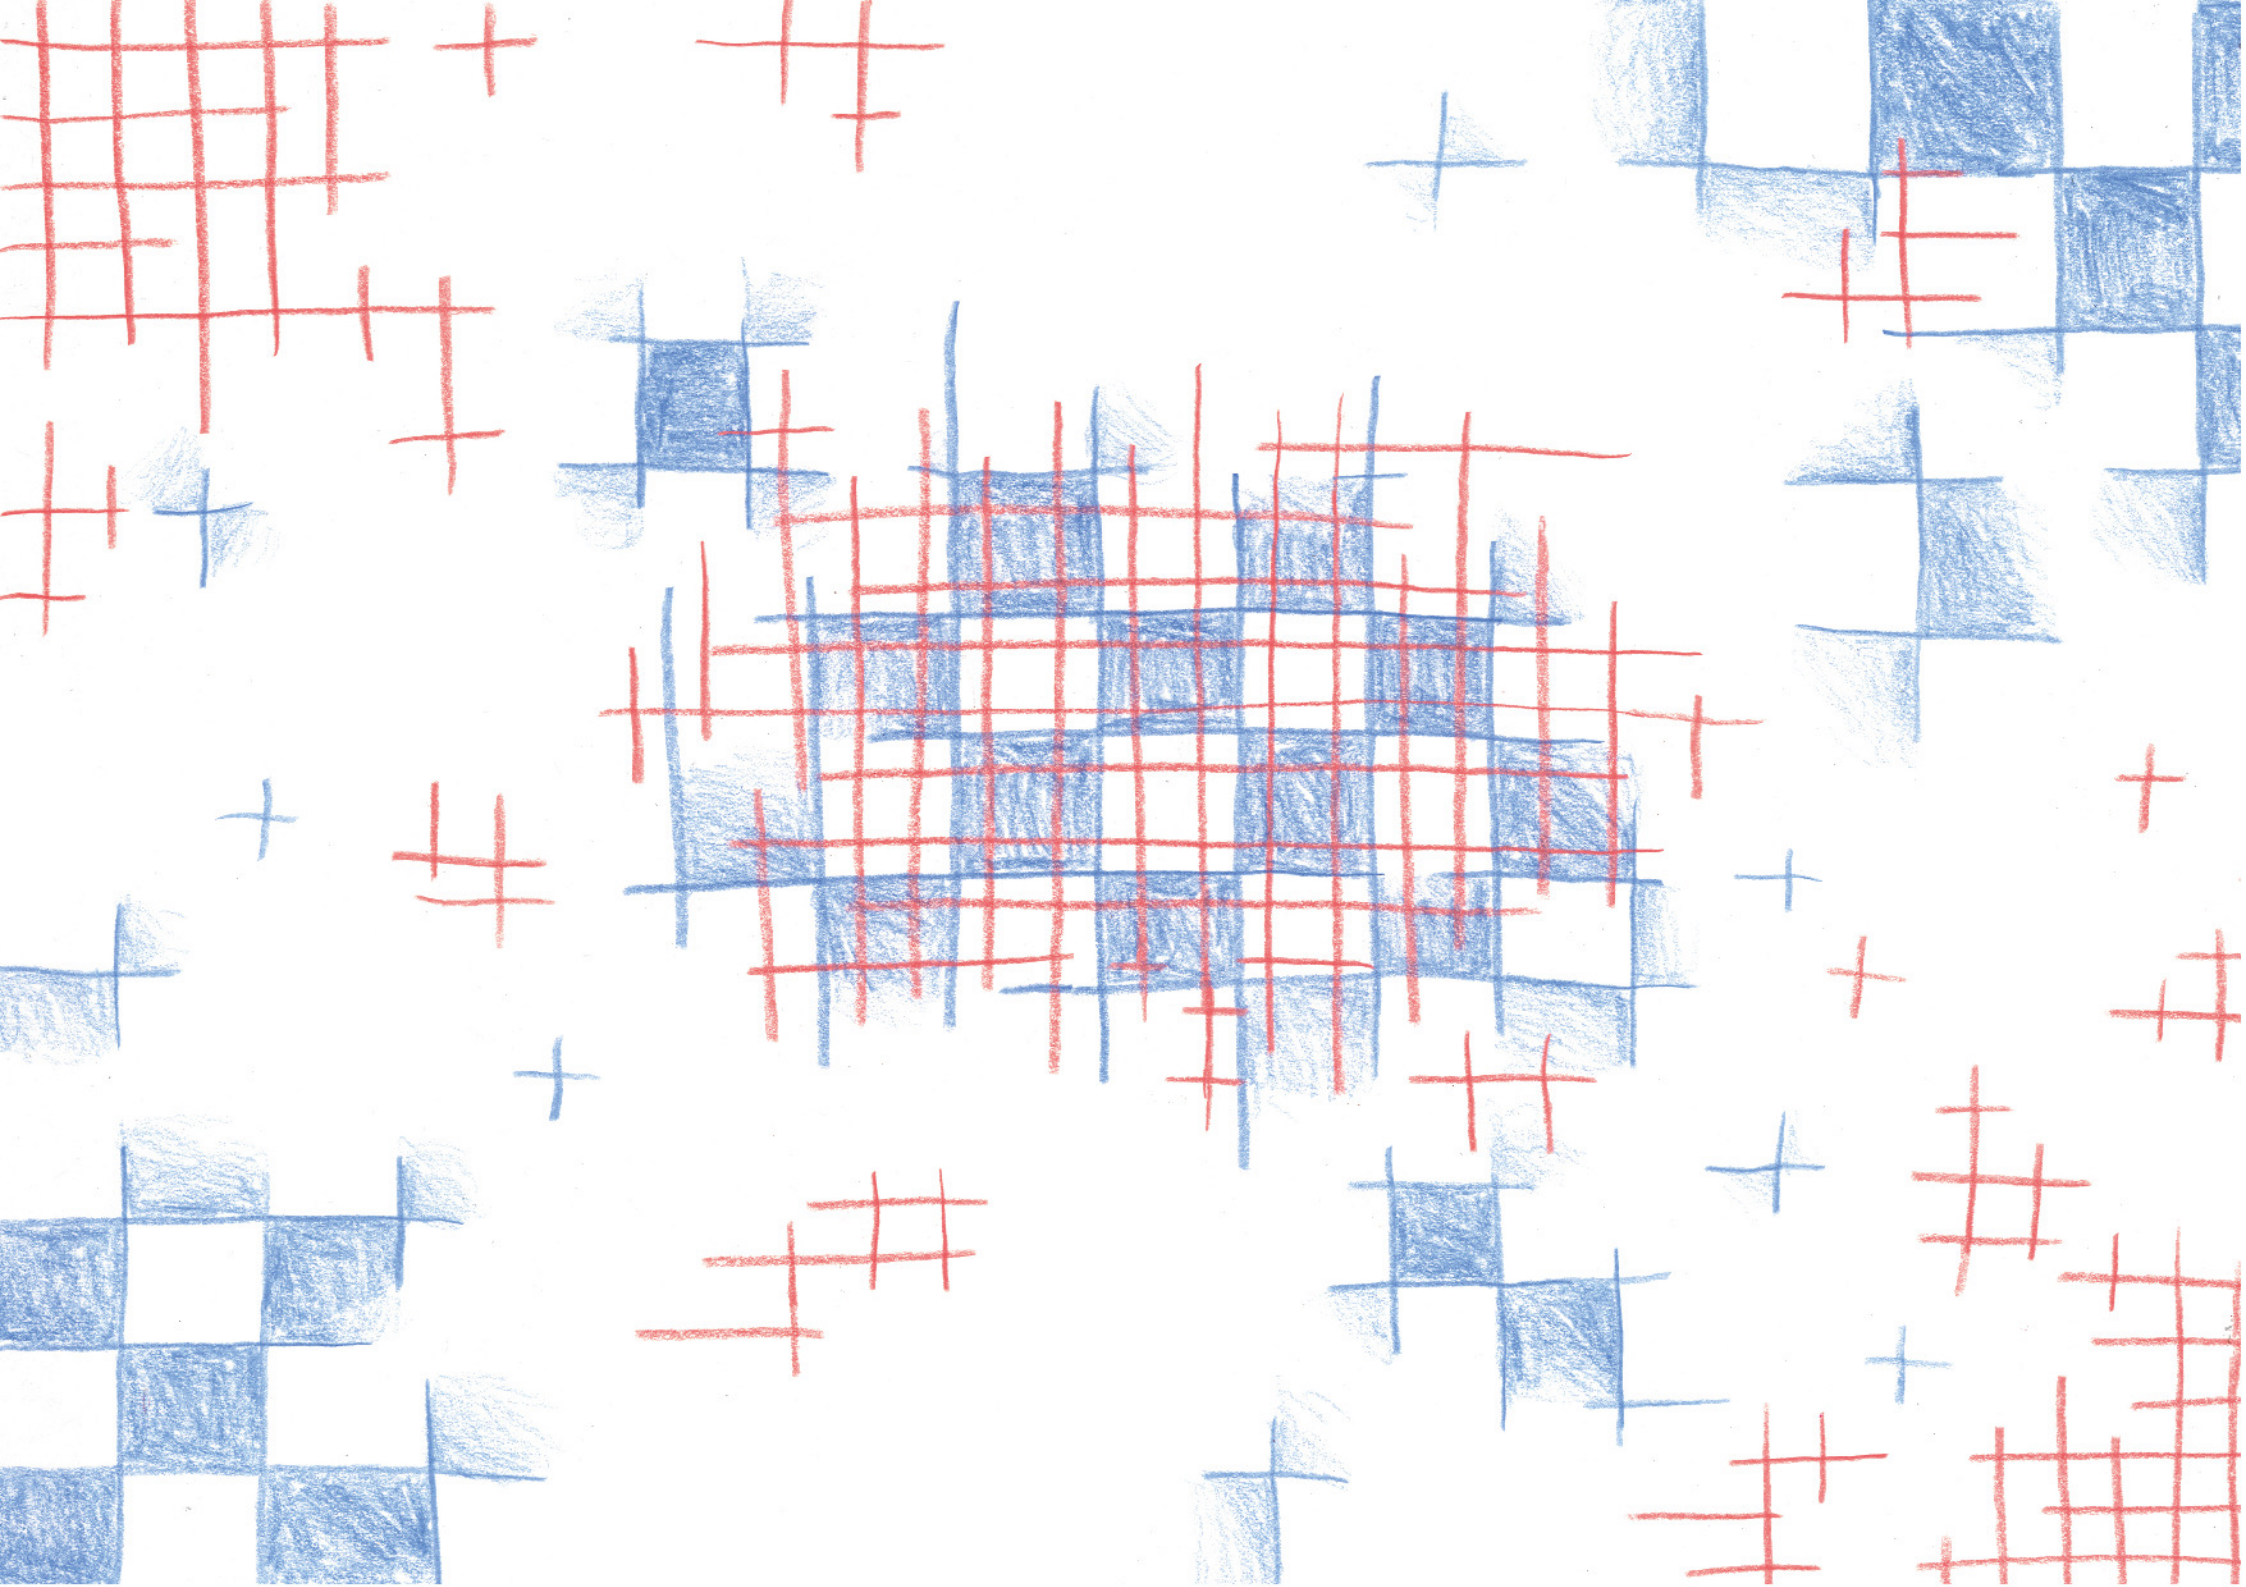

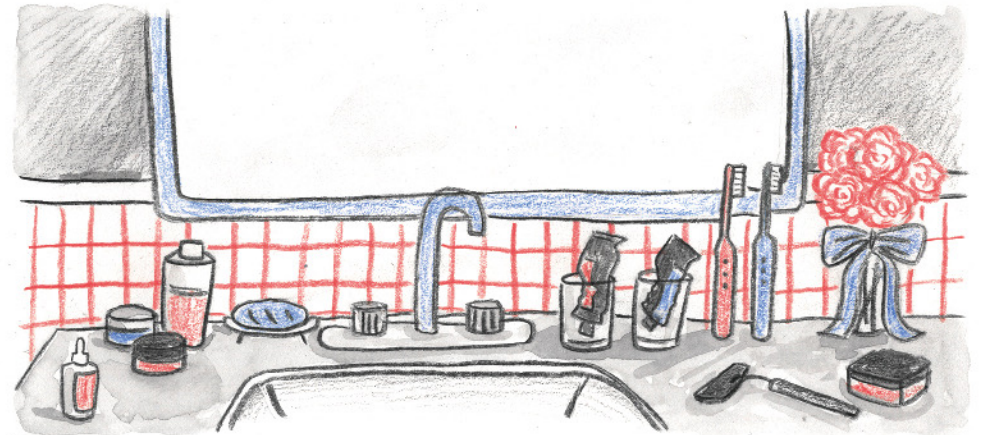

Great, I have a new job offer!  
But we need to change the city  
where we live.

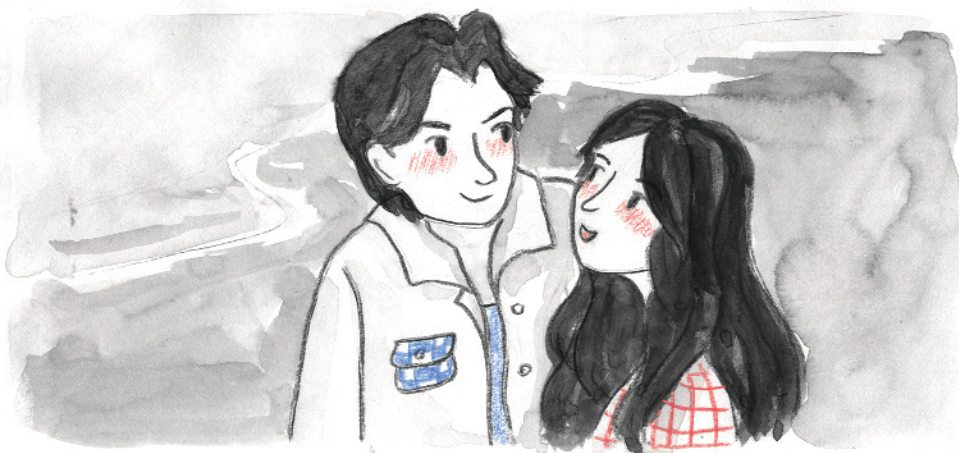

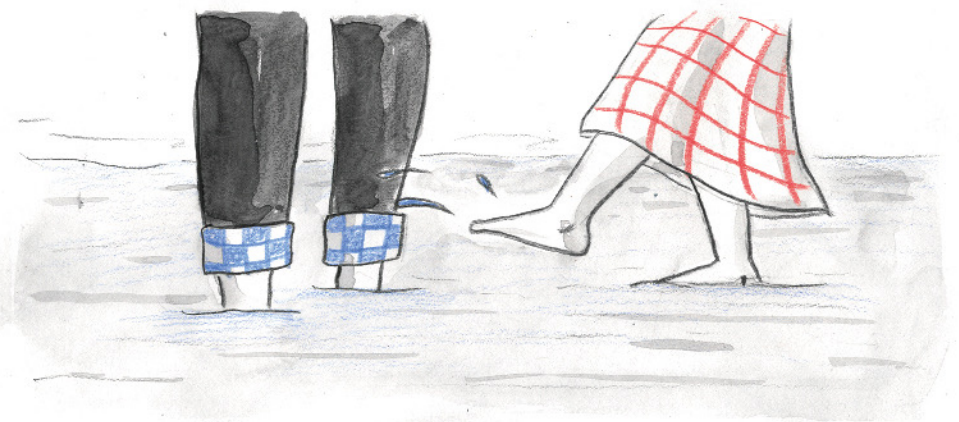

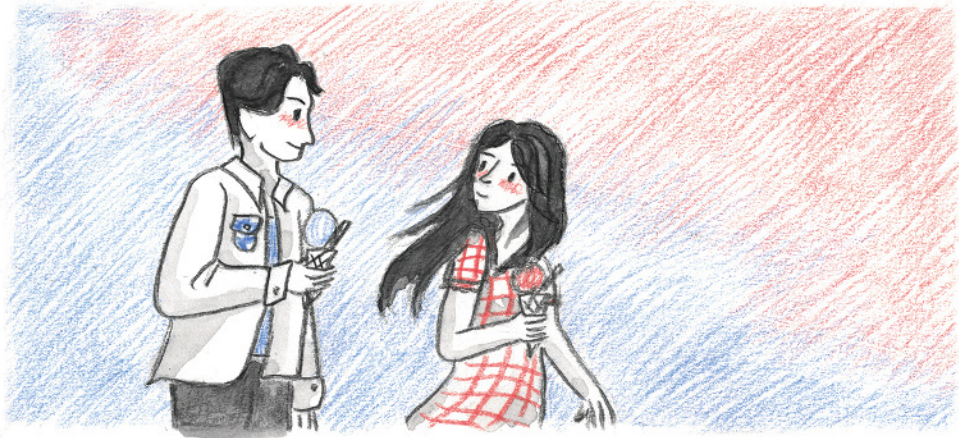

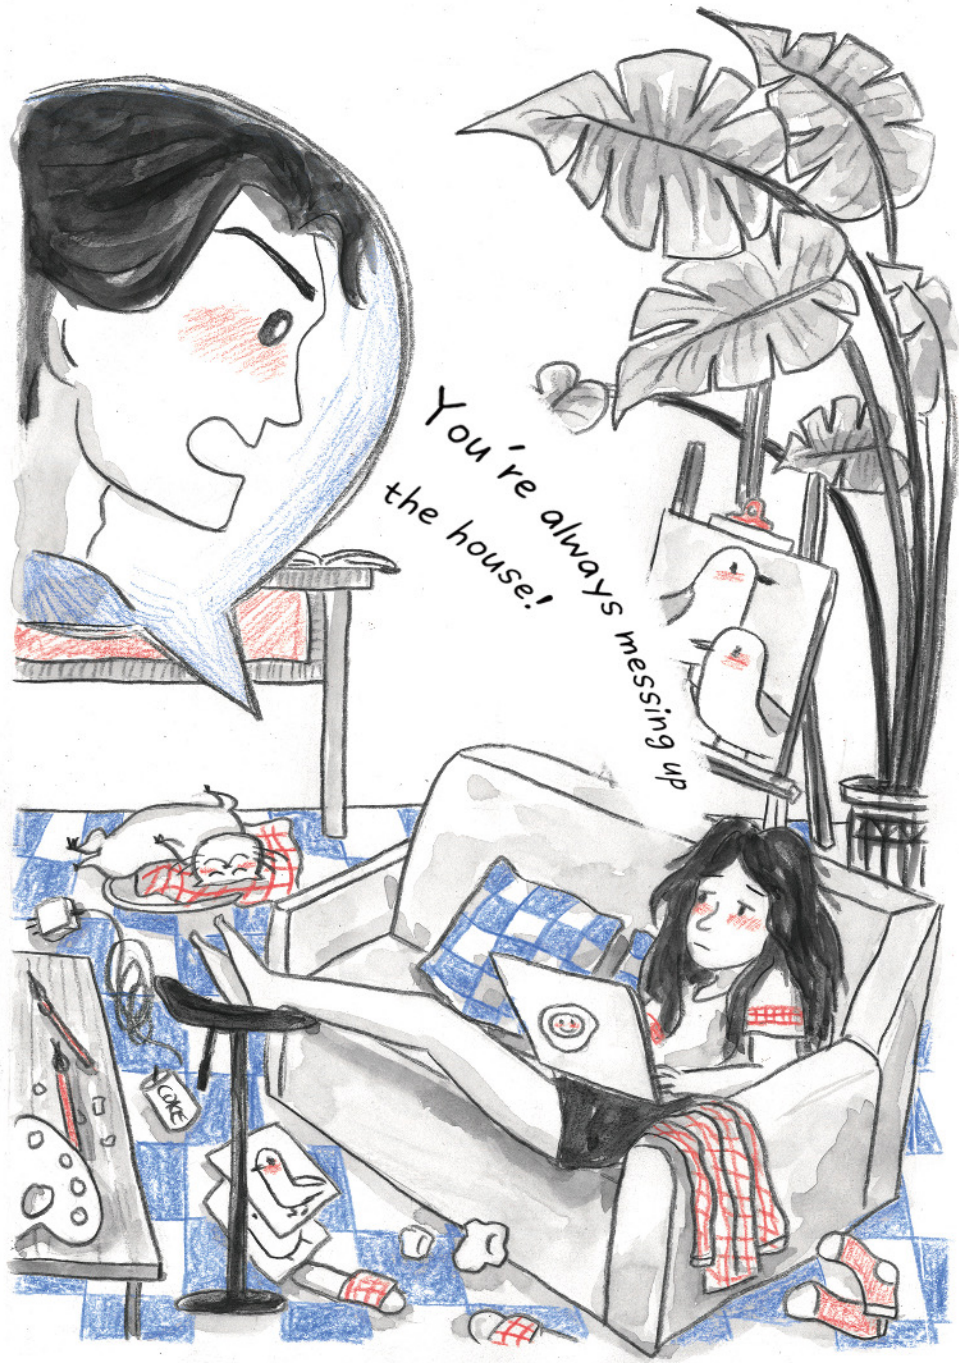

Congratulations.  
That's great.  
Let's go together

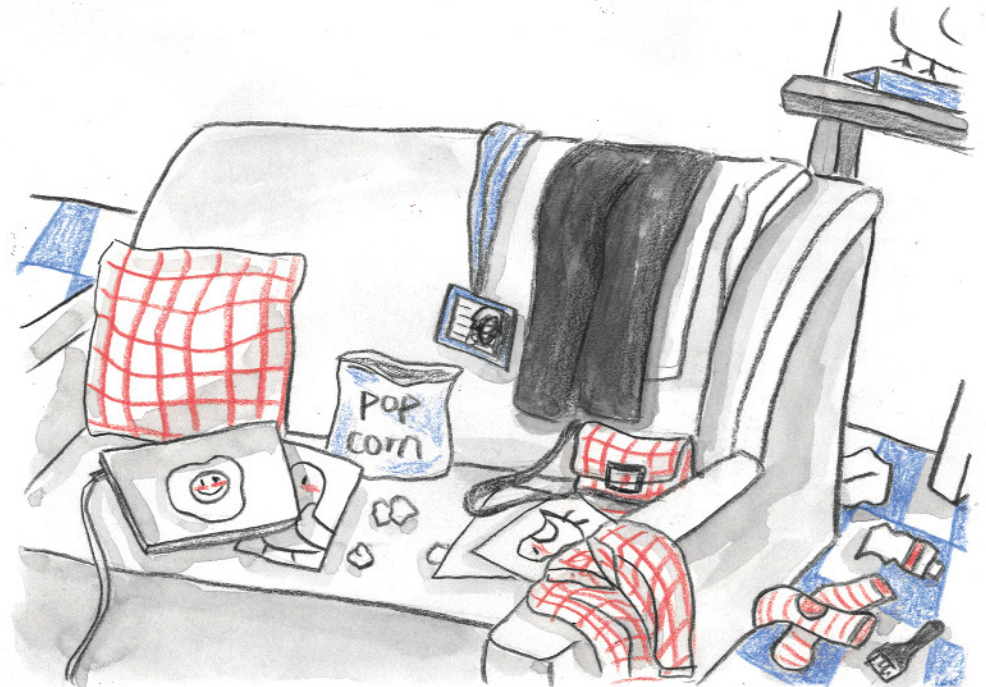

What should we do?

I've been putting up with you for a long time.

Me too.  
you are always so bad  
at cleaning the house

You're not much better.  
Right?

You always talk about  
what happened in the past.

In that case, let's break up.
