stop dismissing how you feel

spreads like a bad thought

and if you fight for your limitations, you get to keep them

*“Everything bad I’ve ever done
was driven by loneliness”*

still think about it?

and it was
how are you spending your time these days?

and not
how are you spending your time on earth?

In
God's
eyes,
I
am
enough.

and for a life so short,
my love is never ending

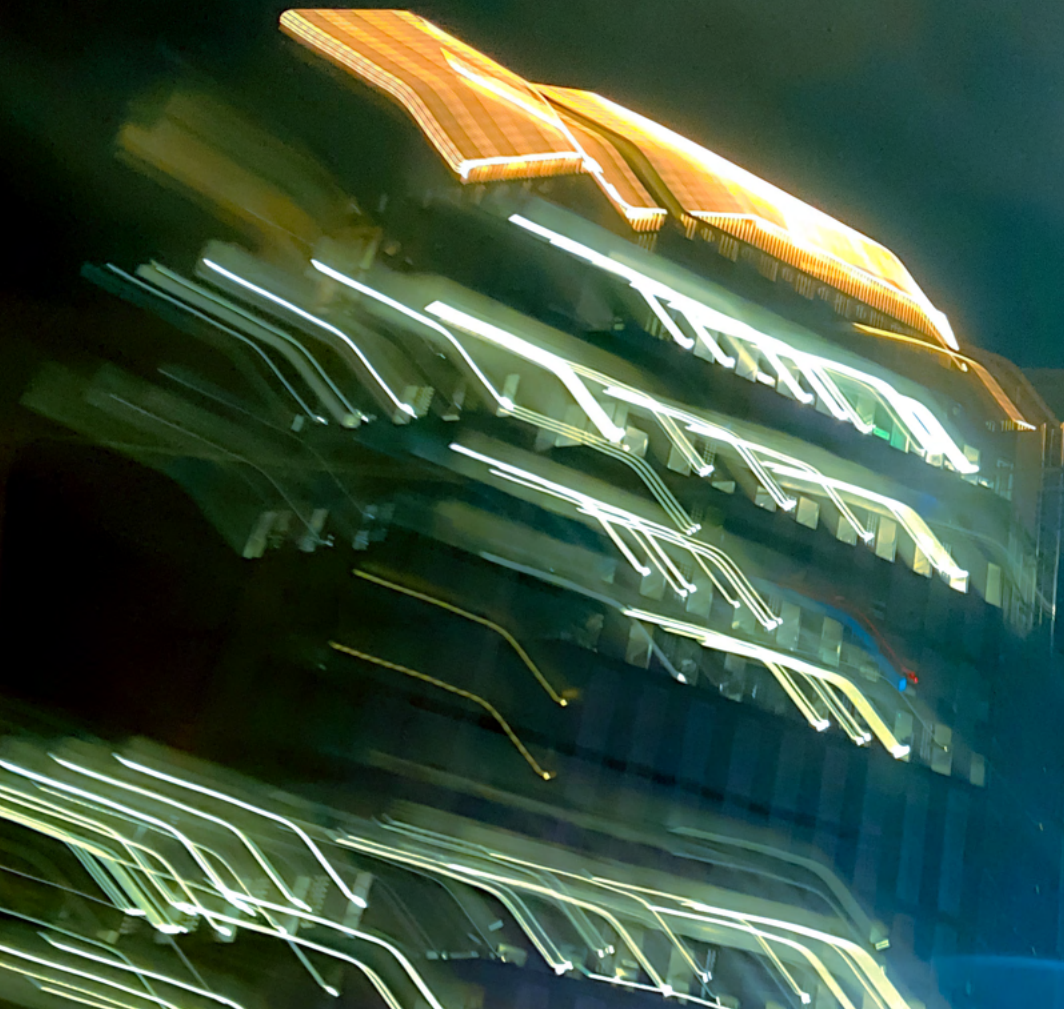

so let's look forward to brighter days

of human love

hammer against cloth

in it for the long run

For eyes that go right through you.

Bleakness.

Fax machine.

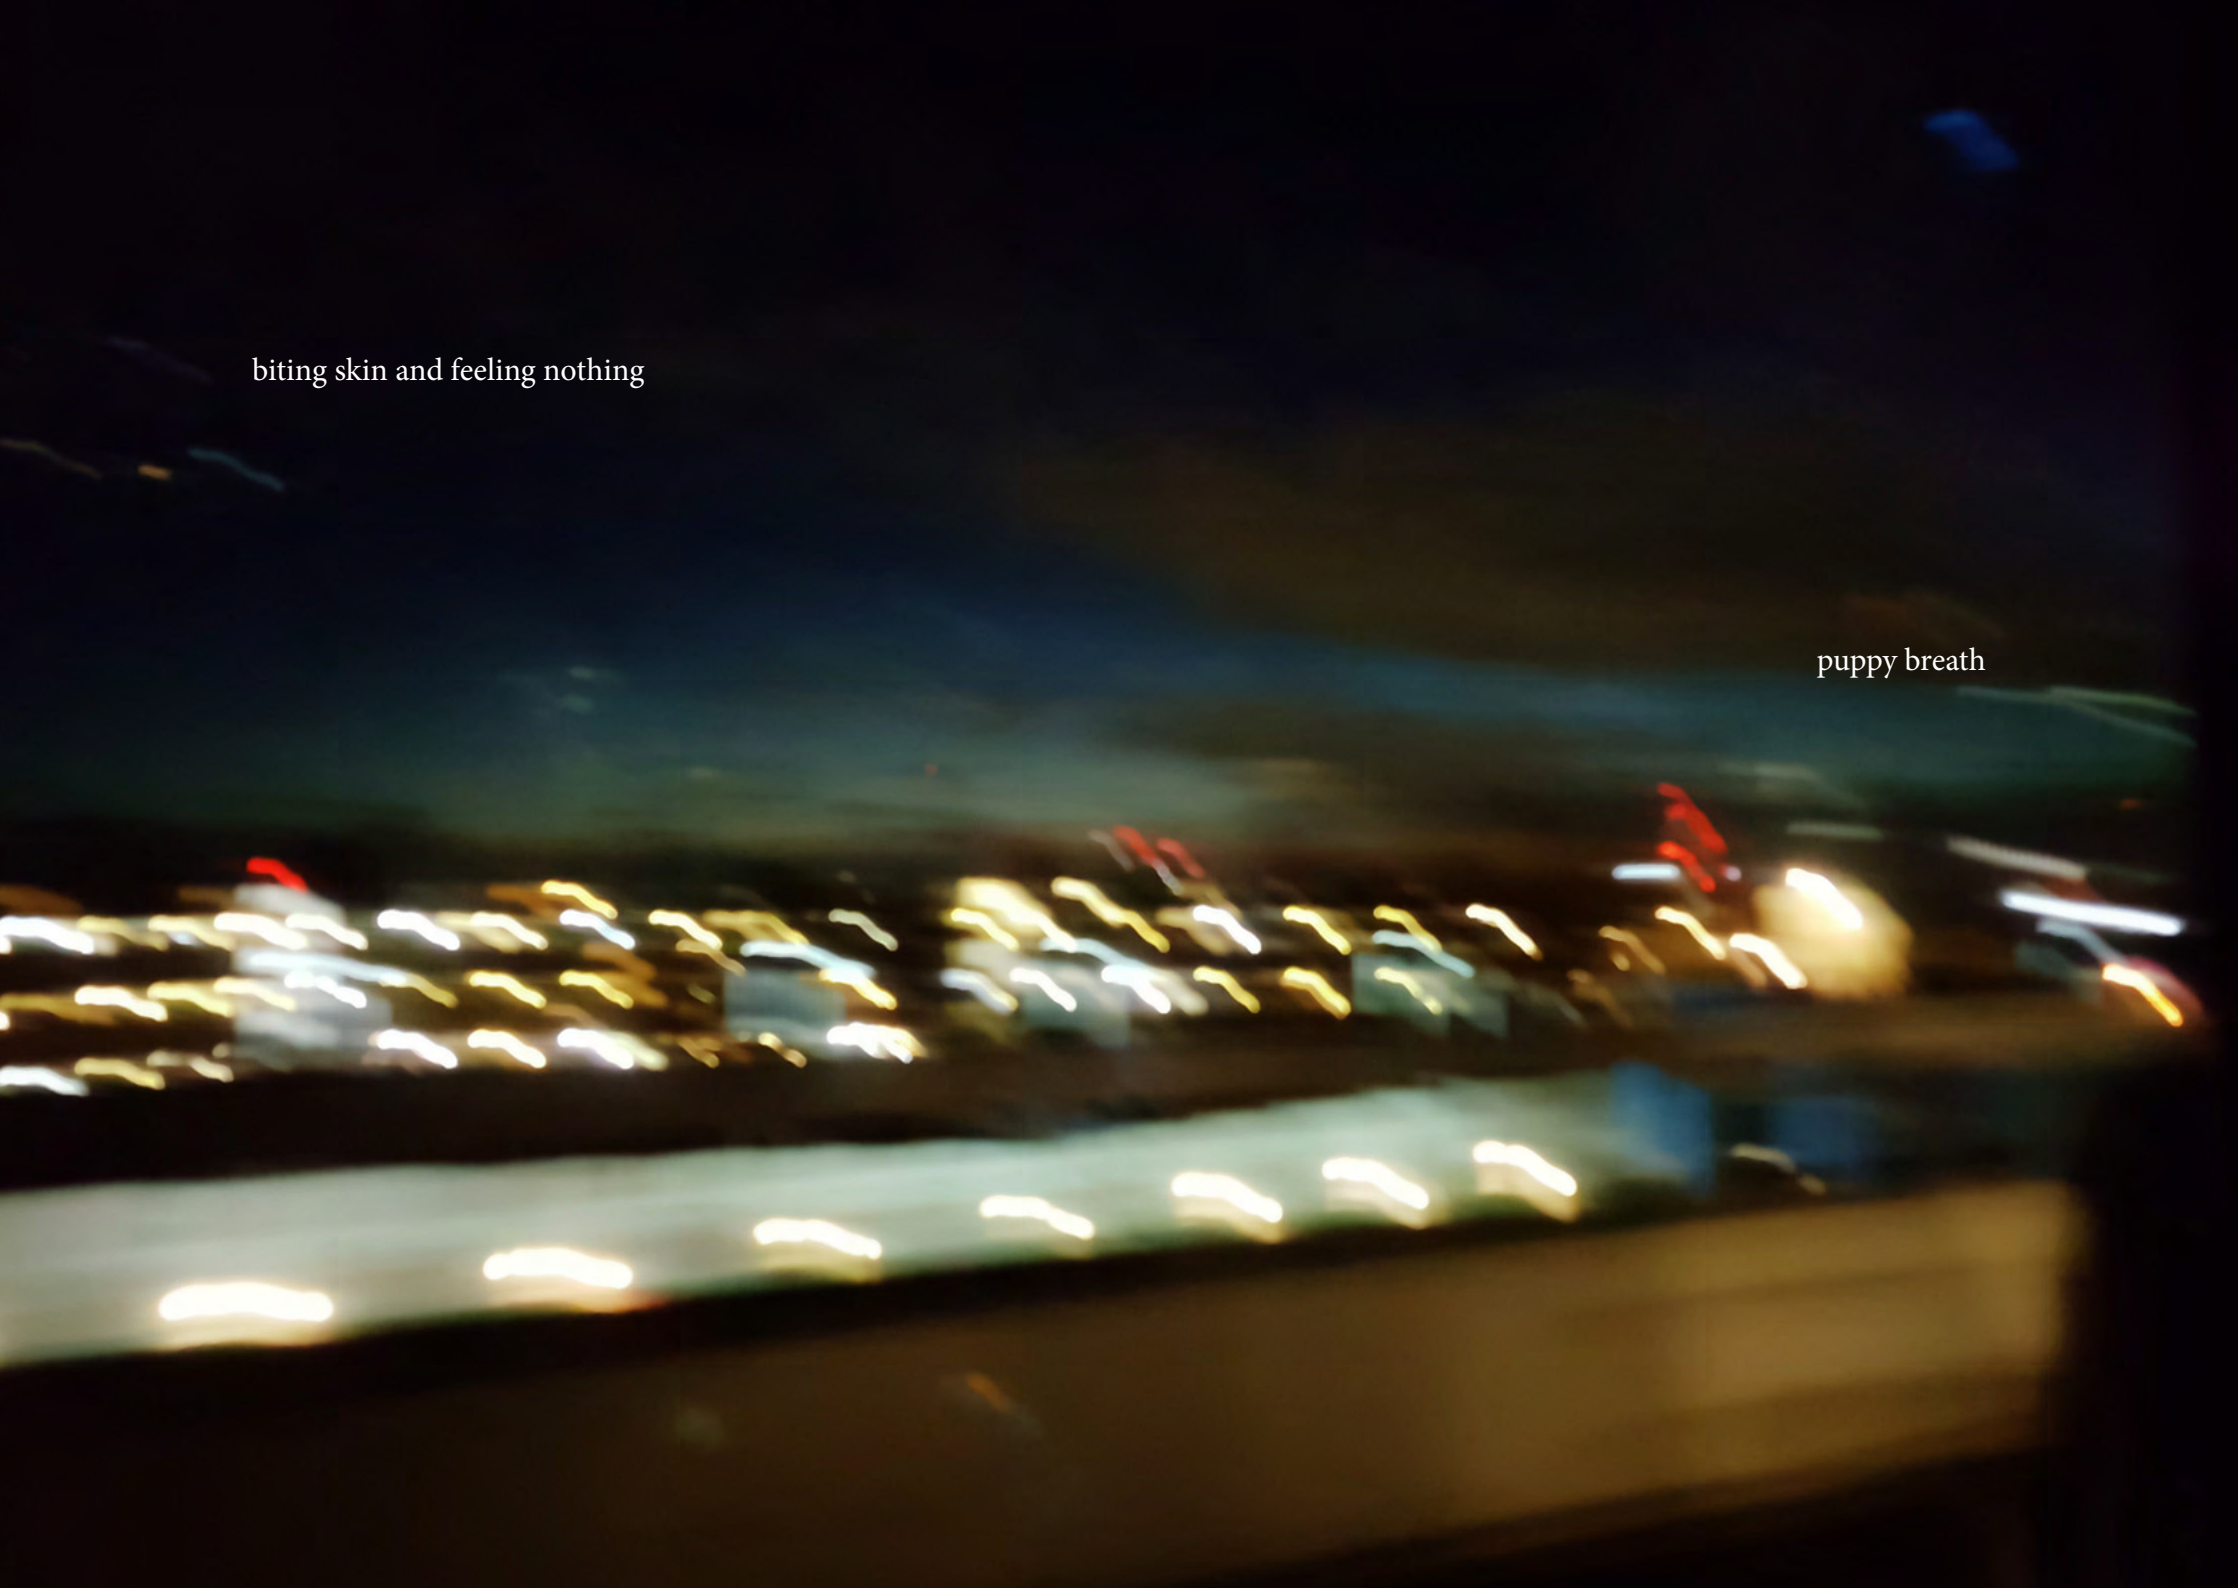

i feel perfect

body

biting skin and feeling nothing

puppy breath

toxic shame

like a bruise you need to press on

practice where it hurts

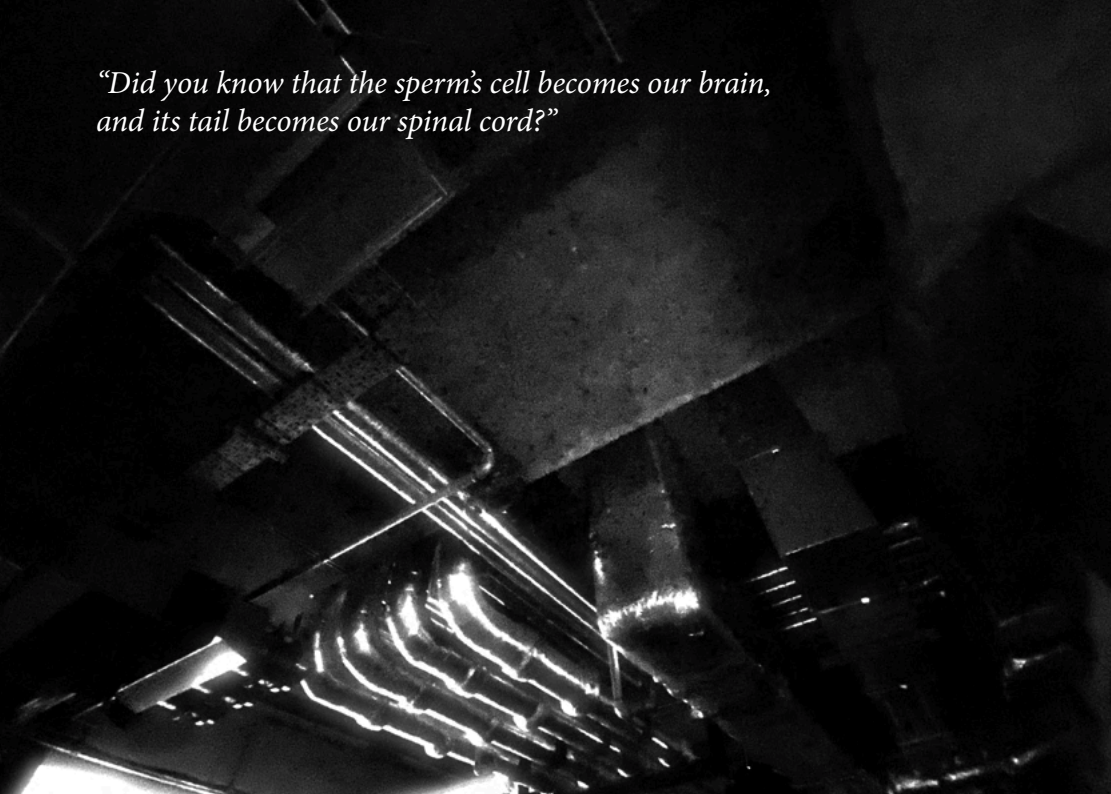

burning rubber

Holy Ghost

flow state

Take care of me

*"Did you know that the sperm's cell becomes our brain,
and its tail becomes our spinal cord?"*

"You know, I think that our thumb prints replicate tree stumps."

i really wish i could walk around the earth thinking like that

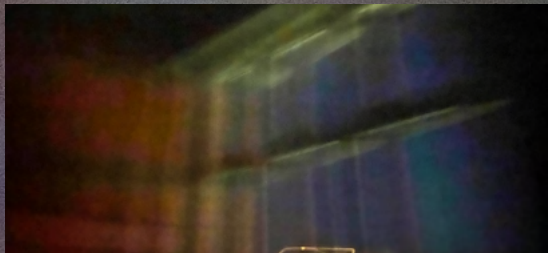

and to not be afraid

it's about being afraid
and doing it anyway

pure not your emotions

selfless and loving

remove any doubt

bare

outer space

just stay by my side

all over, everywhere

like forever, forever

reach out

let go
